

SARL AZRO MOBILIER

Professional office furniture
Think Big · Furnish pro

PRESENTATION SHEET

June 2026 edition

WHO ARE WE?

SARL Azro Mobilier is an Algerian manufacturer of professional office furniture, office and school, located in Beni Ourtilane (Wilaya of Sétif). We design, manufacture and equip workspaces from A to Z, workstations, meeting rooms, reception areas, storage and archiving solutions, as well as school furniture.

Our strength: a complete offer ranging from standard models to custom-made manufacturing, with local mastery of production and finishes.

OUR PRODUCT RANGES

We organize our catalog around three main ranges of materials, complemented by a line of seats and lounges:

MDF Family	Our high-end line, mahogany paint finish & cherry yellow, desks, modular meeting tables, conference podiums, glass cabinets and work tables etc.
Metal range	Steel thickness 55, 60, 70 up to 150 nm, epoxy paint, storage cabinets, changing rooms, filing cabinets and armored cabinets (mechanical or digital combination). Robustness and safety.
Melamine range	The right value for money to equip in volume, desks, reading meeting tables and cabinets.
Seats & Lounges	Office chairs CEO, operator and visitors, sofas and office living rooms in skaï (similar bake) to complete each space.

OUR RAW MATERIALS

Our furniture is made from selected materials and quality hardware:

Panels	MDF 17 mm (1 and 2 sides) · MDF 14 mm · MDF 8 mm and 7 mm (and raw) · Melamine · Counter-plate furniture base
Coatings & finishes	Mahogany and cherry yellow paint (MDF) · Epoxy paint (metal) · PVC film · PVC edges · Skaï coating

Hardware	Slides · Hinges · Legs · Shelf supports · Handles · Locks · Casters · Cable connectors · Fittings · Brackets · Bolts · Mounting screws · Nails
Glues & adhesives	Wood glue · Edge glue · Fast glue · Pattex
Packaging	Carton · Closure tape

Note: dimensions given for information only, may change depending on options and customization

Coverage Area	The entire national territory

COLOR CHART OF FINISHES

A wide range of shades depending on the material:

Hue	Name	Application
	Mahogany	MDF paint—red-brown wood, warm.
	Jean cerise	MDF Paint—cherry-colored, deep red.
	White	Melamine—refined, luminous.
	Beech	Melamine—light wood, classic.
	Oak	Melamine—medium wood, natural.
	Walnut	Melamine—dark wood, elegant.
	Light gray	Metal epoxy—neutral, versatile.
	Black	Metal epoxy—sober, contemporary.
	Blue	Metal epoxy—assertive.

Indicative tints on screen and in print—always refer to your physical samples. Melamine and epoxy shades are examples: adapt the list to your actual offer.
